The Honorable Patty Murray, Ranking Member
Health, Education, Labor and Pensions Committee
United States Senate
154 Russell Senate Office Building
Washington, DC 20510-4704

Dear Senator Murray:

On behalf of the more than 2 million retirees
represented by the National Retiree Legislative
Network (NRLN), I urge you to support calling for a
vote in the Health, Education, Labor and Pensions
Committee on **S. 297, Increasing Competition in
Pharmaceuticals Act.**

We believe passage of **S. 297** is important because it
will help ensure that a clear process is in place for the
FDA to prioritize the review of generic drug
applications. The bill would help address egregious
price increases on a number of decades-old drugs by
making it easier for generic pharmaceutical
manufacturers to enter the market and compete to
reduce prices.

The NRLN's full Legislative Agenda and detailed
whitepapers can be found at www.nrln.org. Your
consideration on these issues would also be
appreciated.

Sincerely,

Bill Kadereit, President
National Retiree Legislative Network
