The Honorable Cathy McMorris Rodgers, Ranking Member
Committee on Energy and Commerce
U.S. House of Representatives
1035 Longworth House Office Building
Washington, DC 20515-4705

Dear Representative McMorris Rodgers:

On behalf of the more than 2 million retirees and future
retirees represented by the National Retiree Legislative
Network (NRLN), I am requesting that you support calling for
a vote in the Committee on Energy and Commerce on
H.R.6710, Protecting American Lives (PAL) Act of 2022.

Passage of **H.R.6710** would begin the work of bringing
medical supply chains back within the United States and
safe from foreign interference. The bill would require the
Federal Drug Administration to report to Congress within
180 days on barriers, including regulatory inefficiencies, to
domestic manufacturing of active pharmaceutical
ingredients, finished drug products, and devices that are
imported from outside the United States and critical to
Americans during a public health emergency.

The report would be charged with identifying factors that
limit the manufacturing of active pharmaceutical ingredients,
finished drug products, and devices and recommend
specific strategies to overcome any barriers.

If you would like to learn more about why the NRLN
supports **H.R.6710**, please contact me or Alyson Parker,
NRLN Executive Director, on her cell phone at 813-545-
6792 or executivedirector@nrln.org.

Sincerely,

Bill Kadereit, President
National Retiree Legislative Network
